CONTACT

Independent Developer
Pursuing Opportunities in Tech Clubs & Teams

Coding Ninjas Club
October 2024–December 2024

- Joined the tech club with the aim to contribute to coding culture and organize developer-centric events
- Engaged with both technical and non-technical teams during a disorganized phase, learning to adapt and work through communication challenges
- Transitioned to independent learning during periods of club inactivity while staying connected to the tech ecosystem

PROFESSIONAL
EXPERIENCE

Software Quality Assurance Community
June 2025 – Present

- Joined the tech club as a Web Developer, contributing to internal projects and supporting the club’s technical initiatives.
- Collaborated with team members to design and maintain web solutions for club activities.
- Actively participated in non-technical initiatives, pitching creative ideas for upcoming events and recruitment drives.
- Assisted in event coordination and outreach, helping increase participation and engagement in club activities.

Bachelor of Technology In Computer Science Engineering
• GPA: 9.22 (Current)

EDUCATION

GD GOENKA PUBLIC SCHOOL

Bachelor of Technology In Computer Science Engineering
• CLASS 10 : 94.6 percentage
• CLASS 12 : 91.25 percentage
• Member of the Student Council : House Captain

PROJECTS

SQAC Club Website

- Contributed to the main club website, focusing on front-end design and user interface improvements.
- Designed and enhanced the Events, Team, and Projects pages, improving layout and overall user experience.

SQAC Mineverse Event Website

- Developed and designed the event website to showcase game rules, registrations, and event details.
- Implemented a Minecraft themed engaging UI/UX with interactive layouts to attract participants.

PROJECTS	<div>Pizzeria Website</div> <ul style="list-style-type: none">Developed a multi-page website featuring Home, Menu, Contact, and About Owners sections.Designed a clean and user-friendly layout for better navigation and presentation.Ensured responsiveness and consistency across different devices.		<div>EduSity Website</div> <ul style="list-style-type: none">Built a single-page educational platform showcasing courses, features, testimonials, and contact details.Implemented a responsive design with smooth navigation for an improved user experience.
